

## Aisin SL Solenoid Connector Saver Ring

The complete repair at  
a very low cost

“A perfect compliment to our Tool Kit and Bushes”

Why buy expensive replacement canisters when you can use our NEW **Connector Saver Ring** ? and only when a connector is broken.

The ring is simply pressed over the existing OE canister if the plastic connector is broken. The step on the harness connector clips into place and is held in by the ring.

The Connector Saver Ring is the perfect compliment to our ORIGINAL Tool kit and replacement bushes. Making it the “Complete Solenoid Repair” at a very low cost.

Sold in quantities of 12pcs(#200960) & 100pcs(#200961)
